The judges for the competitive drill of the Alexandria Light Infantry will be Capt. Dwyer, of the Fencible, the crack military organization of Washington, and Capt. Edwards of the District of Columbia National Guard.

MUSICAL.—Last night long before the hour for the rehearsal of the Alexandria Musical Association every seat in the hall and most of the available standing room was occupied. From "Dramatic," the opening number for orchestra, to the closing number, a brilliant march, "Admiral's Favorite," for brass and reed instruments, the interest of the large audience did not seem to abate. The vocal solo, Miss S. J. Luce, of Washington, was assigned two numbers on the program, but in response to hearty applause she appeared four times. Miss Luce has a pleasing appearance, and a voice of good quality which she uses with a taste and understanding that denote musical ability. A flute solo, "Aria from Robert," by Mr. Edward Waterbury, Mrs. T. D. Gambrell, accompanist, won an encore. Mr. Waterbury substituting the piccolo for the flute, rendering a fantasia on "The Conquering Hero Comes," A cornet solo, with band accompaniment, rendered in a finished manner by Mr. Geo. Waterbury, as soloist, met with generous applause to which he responded. Mr. T. D. Gambrell, the association's conductor, directed the music last night, and his work of the past few weeks was apparent in the improvement made by some of the instrumentalists. A. The next rehearsal, which will be given next month, will probably take place at the Opera House.

Mr. Weaver intends to make "Chantilly" a stock farm for raising and training blooded horses. There have been but two owners of "Chantilly" in a period of more than a hundred years—Mrs. Stuart, the late owner, and her father, G. R. F. Turnbull, Jr., who died before 1820.

Messrs. R. T. Lucas & Co. sold to-day at public auction at Rosslyn, opposite Georgetown, D. C., for Messrs. Munch and O'Connell, commissioners of sale in the chancery suit of Muckey et al. vs. Lloyd et al., a lot of ground containing one acre, situated at Rosslyn, Alexandria county, and which is a stone quarry, to Mr. E. H. Phillips, of Washington, D. C., for \$2,500.

The work of painting the exterior of the post-office building is now in progress.

A fine horse belonging to Dr. D. N. Rust died last night.

MONETARY AND COMMERCIAL.

NEW YORK, Nov. 15.—The stock market this morning was again the scene of wild excitement and a positive panic existed in all portions of the list, stock being thrown over in the most reckless manner, and the losses in the first hour's trading exceeded anything seen since the present decline began. There was rather a firm feeling, at the opening but the rumors and private cables which were shown stating that the Barings were in financial difficulties and that heavy liquidations must come started the ball rolling immediately and every one was trying to sell; dealers were simply enervated, and the rapidly with which quotations melted away was something unprecedented, there being no halt in the downward movement, stocks falling from 2 to 4 per cent. The market showed no stay to the drop, and at 11 o'clock it was extremely active and demoralized at the lowest prices reached. Half an hour later a better tone prevailed and the general list showed some improvement.

NASHVILLE, Tenn., March 25, 1890. Radam's Microbe Killer Co., Nashville, Tenn.: Gentlemen—In reply to yours, inquiring of my health at the present date, I will say: I am well, having had but one spell of illness since my last (18th) of 1889; that was bilious fever last August. I had quit taking Microbe Killer for about five months, having had no need for it. I broke up my fever and started to work the first of September and have not lost a day from illness of any kind. I now feel as though I was entirely cured, but through fear of another attack I continued the use of it through the disagreeable weather. My lungs are surely in good condition as I play first flat cornet in Baxter's First Tenn. Regimental Band, and feel no bad effects from it. And any one knows it requires power from the lungs to use this instrument. I cheerfully recommend it to all of a weak constitution like myself. I have used fifteen jugs and have experienced nothing but the best of results, and can safely say it is not injurious to the system, but on the other hand gives tone and vigor. Very truly, W. C. HAWKINS.

MEDICINAL

NOTHING SUCCEEDS

LIKE SUCCESS.

The reason RADAM'S MICROBE KILLER is the most wonderful medicine, is because it has never failed in any instance, no matter what the disease, from LEPROSY to the simplest catarrh known to the human system.

The scientific men of today claim and prove that every disease is

CAUSED BY MICROBES,

AND

Radam's Microbe Killer

Extirminates the Microbes and drives them out of the system, and when that is done you cannot have an ache or pain. No matter what the disease, whether a simple case of Malarial Fever or a combination of diseases, we cure them all at the same time, as we treat all diseases.

Asthma, Consumption, Catarrh, Bronchitis, Rheumatism, Kidney and Liver Disease, Chills and Fever, Female Troubles in all its forms, and, in fact, every Disease known to the Human System.

BEWARE OF FRAUDULENT IMITATIONS!
